Health Questionnaire

Rowing Pilot Gigs is strenuous exercise and some people should check with their GP before they start becoming more physically active. If you have any questions about this section consult a Rowing Captain or any Senior Committee Member. If you answered YES to one or more of the questions below please visit or speak with your GP and sign the declaration below before participating in these water sports activities.	YES	NO
Have you ever fainted or become dizzy whilst exercising?		
Have you ever had chest tightness, cough, wheezing which has made it difficult for you to perform sport?		
Has your GP ever said that you have a heart condition? Or is your GP currently prescribing drugs for your blood pressure or heart condition?		
Do you feel pain in your chest when you do physical activity?		
In the past month, have you had chest pain when you were not performing physical activity?		
Do you lose your balance because of dizziness or do you ever lose consciousness?		
Do you have a bone or joint problem that could be made worse by rowing or a change in your physical activity?		
Have you ever suffered from Epilepsy?		
Have you routinely taken any medication in the last two years?		
Have you ever had Rheumatic Fever?		
Do you have Asthma? Do you use Salbutamol, Ventolin etc.		
Any health problems or other relevant information? (eg. Hearing or visual problems).		
Do you know of any other reason why you shouldn't row or exercise?		
I confirm that the answers above are correct and if I have answered YES to one or more of the above questions I have seen my GP who has affirmed that I am able to participate in such water sports. I have read, understood and completed this questionnaire. Any questions I had were answered to my full satisfaction by a Senior Club Member.		
I certify that I am able to swim in the sea in excess of 100 metres unaided	YES	NO
